

The 360° Inclusive City Campaign
is part of the Diversity City-Zen
Project.

We want to reshape cities, structurally and culturally, to make them accessible for everyone.

Our goal is to reconsider the role of disabled people in order to identify political and social strategies for optimal inclusion.

**We
are
united
in
diversity**

The 360° Inclusive City Campaign is part of the European project "Diversity City-Zen", co-funded by the Europe for Citizens program. The project partners are Città di Fossacesia from Italy, Municipality of Primošten from Croatia and the Euro-Med Youth Federation (EMYF) e. V. from Berlin, Germany

360°

*Imagine
your city
of diversity*

Design an inclusive city that includes differently
abled children.

Submit your work by 15th May 2022, to the following
email: info@emyf.eu.

We want to raise awareness about the participation of individuals with intellectual and development disabilities into the society.

The core areas of the contest are:

- disability and culture
- disability, infrastructures, tourism
- disability and sport

- The contest is open to international applicants without any limitation of age, place and country of origin

- 
- No participation fee is required
 - You can submit up to 5 works, to the following emails: *info@emyf.eu*
 - You can submit graphic designs, paintings, drawings, and engravings of any size and on any support
 - The deadline is May 15th
